# REVIVE!<sup>®</sup>

Clears any pool, **every time.**

# REVIVE!® does the work of several products.

Available in 16oz, 32oz and 1 Gallon sizes.

Or:

## Multi-action product:

- 1) Removes phosphates, metals and clarifies
- 2) Easy application... fast cleanup!
- 3) Ideal for well water
- 4) Excellent for severe algae cleanup
- 5) Significantly reduces scale

REVIVE!® is a multi-action product that solves most common pool problems. REVIVE! removes phosphates (algae food), metals including copper and iron, scaling carbonates, organic debris and other contaminants that cause cloudy water. It is formulated for use on new pool startups, replaster/remodel/refills, spring openings, abandoned pools, severe algae cleanups and ongoing maintenance of all swimming pools.

- Ideal for well water
- Perfect for all pools at startup
- Excellent for severe algae cleanups
- Naturally restores water quality within hours of application
- Removes orthophosphates up to 2000 ppb
- Removes copper and iron up to 2.0 ppm
- Captures scaling carbonates
- Clears water of organic debris

REVIVE! is compatible with all pool chemicals, sanitizers and finishes. Plus, it will not cloud the water or stain pool decks.

### REVIVE! is an ideal treatment for:

- Preventing scale on salt system equipment
- Protecting new pool surfaces from stains
- Reducing plaster dust on new pools and remodels

REVIVE! does the work of several products – phosphate remover, metal treatment, flocculant and clarifier and scale inhibitor.
